Re: Extension Request

Dear Amelia:

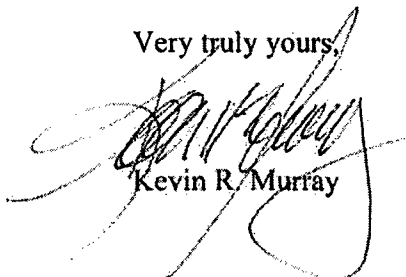

This is in follow-up to your letter of March 11, 2016, and the proposal in our February 19, 2016 letter regarding the business plan and EPA's request for information (IR) and notice of intent to file liens (NOL).

Consistent with our discussions, United Park believes that to adequately address the issues related to the IR and the NOL, it would be best to address them together as a whole. This would be done within the context of a business plan. United Park requests a 60 day extension of the IR and the NOL while the plan and related information is being assembled.

We anticipate that discussions regarding some of the elements of the plan and related items will be beneficial. Our discussions will be more productive if United Park has sufficient time to develop the framework of the plan prior to those discussions within the 60-day extension.

By allowing this extension, United Park can more effectively respond to the matters at hand and can more fully identify a path forward that includes the business plan and information addressing viability as referenced in our February 19 letter.

Very truly yours,

Kevin R. Murray
